### **For Summer Session Classes ONLY:**

Note: The High School Principal may recommend a pupil for community college summer session for the following courses regardless of the 5% limitation:

- (1) College course-level coursework that applies toward the IGETC or CSU GE requirement;
- (2) College-level occupational coursework that is part of a sequence of career-technical education courses leading to a degree or certificate in that subject area.
- (3) Courses that are necessary to assist pupils who have not passed the California High School Exit Exam.

Other than these **3** exemptions to the 5% rule, the High School Principal may only recommend a pupil for community college summer session if that pupil meets all of the following criteria:

- (A) Demonstrates adequate preparation in the discipline being studied;
- (B) Exhausts all opportunities to enroll in an equivalent course, if any, at his/her school of attendance.

If the pupil does not qualify for one of the **3** exemptions, a High School Principal **may not** recommend for community college summer session attendance more than 5% of the total number of pupils who completed that grade immediately prior to the time of recommendation.
